

In certain circumstances, Brunel University can issue a Joint Confirmation of Acceptance for Studies (CAS) that would cover both a Pre-sessional English course and a main degree course of study. This means that a student can apply for just one Student Visa that would cover the duration of both courses.

However, please note that the requirements set by the UK Home Office that allow this are quite strict and Brunel can only issue students with Joint CAS in certain circumstances.

You can be issued a Joint CAS if:

- You have an offer on a degree course, conditional on successfully passing the Pre-sessional course that will last three months (12 weeks) or less. A Joint CAS cannot be issued if the Pre-sessional course is longer than this.
 - You have an unconditional offer on both courses (the Pre-sessional course must be three months/12 weeks or less).
 - There will be no more than 1 month between the end of your Pre-sessional and the start of your main degree courses
 - Your main course of study must be at undergraduate level (RQF 6) or above
 - If your offer on the degree course is conditional, passing the Pre-sessional course must be the only outstanding condition to your offer
 - You must
-

your main course of study
